## Adoption Application

The first step in the process of adopting a pet from the SPCA is to complete this Adoption Application. It provides information that enables us to assist you in the selection of a pet. Together, we will be able to determine if the adoption is in the animal's best interest, and the process ensures that you will find an animal well-suited to your lifestyle. **Please provide detailed information for all questions.**

Our adoption fee includes the cost for vaccinations and other medical care; the spaying or neutering of the animal; and an adoption service charge. If the animal you have chosen has not yet been spayed or neutered, you will not be able to take it home until it has been altered through the SPCA.

To be considered as an adopter, you must:

- Be at least 21 years old
- Have a valid driver's license or Michigan Identification Card stating your current address
- Have the knowledge and consent of a landlord, if relevant
- Be able and willing to spend the time and money necessary to provide medical treatment, proper nourishment and care, and training for a pet
